## HOPE AND INSPIRATION

Nic Sheff's heartbreaking and inspiring struggle with substance abuse disorder is the story of *Beautiful Boy*, a major motion picture starring Timothée Chalamet as Nic and Steve Carell as his father, David. The film is based on Nic's New York Times bestselling memoir, *Tweak: Growing Up on Methamphetamines*, and David's bestseller, *Beautiful Boy*. Sharing an unglamorized, authentic and heart-touching story of substance abuse and recovery that is deeply rooted in mental illness, Nic has been recognized as "a life-changing speaker." His deeply engaging talks put a compelling human face on our nation's substance abuse epidemic, bringing hope to all who are touched by it and encouraging those who struggle to embrace help.
